Online Course Policies and Procedures

Prerequisites
Students should be comfortable in an online environment and be able to use basic computer and Internet tools such as Word Processing, Power Point, Ecollege, and email. Students with this experience should have no problems taking this course. Tech support is available for issues that you may have with Ecollege. You can contact the Help Desk at (732) 445-HELP (4357) or help@ecollege.rutgers.edu.

Course Expectations
Online courses are much different than the traditional course. You will be an active learner who needs to keep up with the course syllabus. I recommend that whenever possible that you get ahead. Please don’t wait until the end of the week to try and complete the activities for that week. You won’t have enough time to complete the activities if you wait too long. **All class assignments and weekly discussions are due on time! Assignments handed in late will be penalized one point of their total worth for each day they are late.** If you have any questions do not hesitate to ask them.

Overview of Online Course Setup
This is a fifteen week, three credit, online course that begins September 4, 2012 and finishes on December 12, 2012. You must login to the course at least 3 times per week, complete required readings, view the Power Point presentations, respond to threads, and complete assignments. **All class assignments and weekly discussions are due on time! Assignments handed in late will be penalized one point of their total worth for each day they are late.** Be sure to check the announcement area and your e-mail. I will provide directions you may need to use for that week via these two tools. Also, you have the syllabus as a guide as well. Each week I will provide an announcement guiding you through what is expected that week. I will add to the announcement any important information as the week progresses.

The course is set up by week. Each week will begin on Sunday at 12am and finish on Saturday at 11:59pm (except for Weeks 1 & 12). You should always stay a week ahead (if possible) with the readings this will make it a lot easier for you to respond to the threaded discussions.

Office Hours
Since this is an online course, I have found that asking questions via e-mail is best at eroberts726@yahoo.com. You can ask questions via e-mail any time, but please give me up to 48 hours to respond. I do have an iPhone with me and for the most part respond via e-mail rather quickly. This is the best way to be in contact with me. If by some rare chance you don’t hear from me within 48 hours contact me again. You can also feel free to call me with any questions.

Communication
Please use e-mail or phone to ask me any questions pertaining to the course content, assignments, or anything else you need assistance with. If you have a pressing concern please contact me! Don’t hesitate!

Professionalism
I ask that you use APA Style when writing any papers for this course. The webliography includes links that will assist you with APA Style. It is important to cite all of your references and plagiarism is completely unacceptable. Please be polite and respectful when responding to threads. It is okay for us to have differences in opinions on topics that will arise in the course, but please be professional.
Assignments/Grading Policy

Each week begins at 12am on that Sunday and ends at 11:59pm on Saturday. All assignments are due on time! Assignments handed in late will be penalized one point of their total worth for each day they are late.

1. Class Participation (25 points)
For each week, I will post under the discussion areas of each unit multiple questions and/or ask you to respond to the topics and readings. Each one will be listed as a separate discussion under the unit. You should provide a thorough response to each discussion and follow the directions in terms of responding to other students responses and responding to assignments posted by other students. I expect your answers to be written in complete sentences. I expect quality not quantity. You will receive your participation grade at the end of the semester.

Guidelines for receiving full-credit for class participation are presented below:

1. Each student must make an initial post for each question no later than 11:59 p.m. on Wednesday. Since the week opens on Saturday, this will give you five days to make initial posts. Each post must be thorough, answer the questions fully, and demonstrate that you have completed the reading assignments for the week. For the week of September 4 – 8, the initial post should be made by Friday, September 7, 2012. I understand this is a short week. For the week of November 18-2, the initial post should be made by Tuesday, November 20 and the final post by Wednesday, November 21.

2. You must follow the directions for each week and make comments to the postings of your classmates. These guidelines will give you ample time to comment to peers’ posts and respond to those who comment on your postings.

3. Be sure not to overburden any classmates. When selecting which posts to comment on, select classmates who have received the fewest comments.

4. Anyone who makes an initial response after 11:59 on Wednesday will be considered late for the week.

5. If you post on only one date to each discussion, you will not receive full credit for the discussion.

6. If you opt to not complete a discussion, you will lose points for each discussion you don’t complete.

7. You will receive your class participation score at the end of the course. I will contact you if your responses are not of appropriate quality. It is your responsibility to submit on time.

2. Journal Summary (10 points) – Due September 29 by 11:59 pm. The summary should be one to two pages in length and come from a respectable journal (ie. Exceptional Children, Journal of Special Education, Remedial and Special Education, American Journal on Mental Retardation, and Journal of Learning Disabilities). Do not use some random article from the internet. This is not acceptable. You should read the entire article and then summarize it. Summaries will be submitted via the Dropbox. I will not accept assignments unless the resources are from a respectable professional journal.
3. Research Report (20 points) – Due December 1 (by 11:59 pm) to the Dropbox. This report should be 8-10 pages on a topic related to special education. You should use at least 3-5 journal articles on a particular topic in the field of special education that interests you. If you need help selecting a topic please contact me. **I will not accept assignments unless the resources are from a respectable professional journal. Be sure to use APA format.**

4. Midterm (20 points) – The exam will be multiple choice and will be completed the Week of October 21 - 27 (by 11:59 pm).

5. Final (25 points) – The exam will be multiple choice and will be completed the Week of December 2-11 (by 11:59 pm).

**Grading Criteria**
Below are the point values for each assignment you need to complete during the semester. Please remember that assignments are due on time. **Assignments handed in late will be penalized one point of their total worth for each day they are late.** All written assignments should be typed in a 12 point font and double spaced using APA Format.
