Other description of course purposes, context, methods, etc:

Internship builds upon course work and the practicum, providing opportunities for students to engage in a range of activities of the professional school counselor. Under supervision, students provide school counseling services, which may include study and assessment of individual pupils with respect to their status, abilities, interest and need; counseling with students, administrators, teachers and parents regarding personal, social, educational and career planning programs; consultation with other agencies and even with other professionals within the school system; and developing cooperative relationships with community agencies in assisting children and families. Prerequisites: 297:501, 297:505, 297:508, 297:510, 297:613, 297:627 with a grade of B or better and consent of the program faculty. Students will have either completed the ethics course or be enrolled concurrently. Internship requires a minimum of 600 clock hours of which 240 clock hours are direct service hours and return to campus for supervision.

Note: While Rutgers University provides risk management and liability insurance, each student intern is required to take out professional liability

insurance. The student intern must join the American Counseling Association (ACA) to take out this insurance.

Grading policy: Internship is graded pass/fail.

Assignments¹:

1. Complete a pre-Internship self-assessment. This is due by the second meeting of the Internship Class.
2. Complete the “Practicum/Internship Contract” during the initial weeks of class. Both the on-site supervisor and the university professor sign this form and each should receive a signed copy.
3. Each student will complete a minimum of a **600 clock hour internship** of supervised clinical practice (**300 hours each semester**). Of these hours, **240 hours are direct service clock hours (120 hours each semester)**.
4. Each student will be knowledgeable of and follow all relevant guidelines at the internship site as required by policies of that site. In addition, students will be aware of all university guidelines as outlined in internship and comply with the ethical standards of practice of the American School Counselor Association (ASCA), American Counseling Association (ACA) and all other pertinent legal codes.
5. In developing individual and group counseling skills, you will receive supervision from an on-site supervisor and group supervision from a university program faculty member. A weekly log will be utilized so that appropriate documentation of the requirements of the course is completed. These forms are submitted when completed and should reflect at least **300** hours at the conclusion of the course.
6. **a. School-based Internship School Site Profile-** You will be expected to complete a profile of your assigned school. The profile will be a written paper where you describe both your school site and the school counseling program. You can bring in outside sources to illustrate your description such as citations from school literature. You will be expected to provide a brief (5-10) minute presentation of your school site. You need to provide peers and faculty group supervisor with a copy of your profile.

b. Comprehensive Data-Driven School Counseling Program Paper- *How are students different as a result of what school counselors do?* Use the ASCA National Model as a framework for examining the school counseling program as an integral part of student achievement. You will be expected to examine the foundation, delivery, management, and accountability of the school counseling program and to write a 2-4 page description of the school counseling program at your school site. Provide examples of which on-going systematic services you have utilized with

¹ Including exams, papers etc.

students during practicum. Indicate your perception of the utilization rates & patterns as well as efficacy of such services in your school site. You will be expected to present a description of your program within the ASCA framework.

c. Second Semester Capstone Experience: ACTION RESEARCH PAPER (Due the end of the Spring 2015 semester). You must identify an area of concern at the internship site based on data available from within the school (e.g., Lack of career planning program, parent engagement, achievement disparities, school violence). You should develop questionnaires for counselors, teachers, and administrators to fully understand the problem.

The paper must include: (1) a review of literature identifying and contextualizing the stated problem and empirically supported interventions (if any), and (2) tailored recommendations for site consideration, including budget(s) necessary for implementation, time-lines, evaluation criteria and corresponding surveys.

The analysis and proposed interventions must integrate multicultural considerations and account for socio-political barriers that influence the identified concern. The recommendations should also emphasize the role of the school counselor and the School Counseling Program in addressing the issue.

You will be required to present your paper in class using PowerPoint. The 20 min presentation should include a statement of problem, brief literature review, data, graphs, recommendations and any forms used during the evaluation. **The research paper will be in APA format and must be submitted by the final class.** Rough draft of topic with literature review will be presented to instructor on or before the 4th class meeting.

7. Attendance at individual and group supervision is a requirement for completion of the course. If unforeseen circumstances prohibit your attendance, you must arrange to make up the supervision time in an agreed upon manner with your supervisor. Details will be discussed in group supervision.
8. On-site supervisors must complete a formal evaluation of the student, documenting professional growth. Students will provide the form. The supervisors should review the evaluation with the student and must return the student evaluation to the university professor.
9. At the conclusion of the course, the student will complete the Post-Internship Self-Assessment to document professional growth, a site evaluation, and an evaluation of their on-site supervisor.

Academic Integrity Policy:

The Office of Student Conduct supervises issues related to violations of academic integrity (see <http://academicintegrity.rutgers.edu>). Please familiarize yourself with the university policy on academic integrity at http://academicintegrity.rutgers.edu/files/documents/AI_Policy_2013.pdf

Office of Disability Services:

Rutgers University welcomes students with disabilities into all of the University's educational programs. In order to receive consideration for reasonable accommodations, a student with a disability must contact the appropriate disability services office at the campus where you are officially enrolled, participate in an intake interview, and provide documentation: <https://ods.rutgers.edu/students/documentation-guidelines>. If the documentation supports your request for reasonable accommodations, your campus's disability services office will provide you with a Letter of Accommodations. Please share this letter with your instructors and discuss the accommodations with them as early in your courses as possible. To begin this process, please complete the Registration form on the ODS web site at: <https://ods.rutgers.edu/students/registration-form>.
